Premajor Admissions - Entrance Portfolio

Students must first be accepted by the university. In order to start taking Industrial Design courses and declare as a premajor, students must have a portfolio accepted. Entrance Portfolio requirements and examples are available on the website.

Entrance Portfolio	Suggested content	Due dates
<p>The Industrial Design program requires an entrance portfolio submission in order to declare as a premajor in Industrial Design. A portfolio is a collection of an applicant's best creative work. This initial screening process helps to determine a candidate's potential for success within the program. The school reserves the sole judge of who shall be accepted into the program. On average, the program accepts 20-22 pre-majors annually.</p>	<p>Sketching 2D design 3D design Computer skills</p> <p>Tips, suggestions, and examples of previously accepted portfolios are available on the website.</p>	<p>Prospective students should submit a portfolio the quarter <i>before</i> they plan to start at WWU.
